

VISION, MISSION, VALUES STATEMENT

EFFECTIVE 1 APRIL 2025

Vision

The Huntingdale Junior Football Club aims to give every child regardless of background or ability the chance to play football in a safe and supportive environment. We want all players to enjoy Australian Rules Football to the best of their ability, while ensuring their health, welfare, and well-being. Our club is committed to providing the best support through our resources, management, and values.

Mission

Our goal is to help players reach their full potential, both as footballers and individuals. We want to be the club that parents choose for their children, offering great opportunities for learning and growth. Our vision is for every Junior Blue to have an amazing experience and want to keep playing year after year.

Values

At the heart of our club are the values of fair play, integrity, and mateship. These values help us create quality players and strong individuals.

- **Fair Play:** *We believe in honesty, fairness, and respect. Fair play is not just about football—it applies to all areas of life. We teach our players to respect themselves, their teammates, and their opponents, regardless of ability.*
- **Integrity:** *Integrity is essential to the game and our club. It means playing by the rules, respecting umpires, and being honest in everything we do. This value has been passed down by our Life Members, who have shaped our club.*
- **Mateship:** *Mateship is what brings us together. It drives our players, parents, coaches, and volunteers. Without it, we wouldn't have the strong community that makes our club special. We encourage teamwork, friendship, and support, ensuring everyone, no matter their skill level, feels welcome.*
